## Senior Wellness Program

The Doctors and staff at Hartwood Animal Hospital know how much your pet is a part of the family and loved so much. It is important that both you and your Veterinarian help to make your pet's years healthy and happy. Dramatic changes in your senior pet's health can occur in as little as 3-6 months. Hartwood Animal Hospital is now offering a Senior Wellness program to ensure that your pet's health is being monitored closely.

This program is designed to monitor their health through physical and diagnostic testing. Aging can appear to be obvious such as limping, gray muzzles, or cloudy eyes, however there is an entire "picture" of the pet that we can not physically see. Therefore, proper diagnostic testing can help prevent or treat our aging pet.

### Signs of Aging:

Stiffness or Lameness	Change in appetite	Change in water consumption
Decreased activity	Dental problems	Loss of house training
Disorientated	Weight changes	Change in skin or hair coat
Vision or hearing loss	Less interaction with family	

Signs of aging can be treated and managed to ensure a healthier, happier senior life.

Our Senior Program is divided into 2 plans;  
each plan is for 6 months allowing diagnostic tests to be split up.

### Plan A (approx \$395.00)

#### Savings of \$ 131.65

Senior Wellness Exam  
Fecal Analysis  
Radiograph (2 Views)  
Blood Pressure  
Eye Pressures  
Nail Dremmel / Trim (every 2 months)  
Complete Blood work  
Thyroid Check  
Heartworm Test or Leuk/FIV Test  
Urinalysis

### Plan B (\$333.00 = Feline / \$355.00 = Canine)

#### Savings of \$ 117.90

Senior Wellness Exam  
Fecal Analysis  
Radiograph (4 Views)  
Blood Pressure  
Eye Pressures  
Nail Dremmel / Trim (every 2 months)

Radiographs are taken in sets of 2 of the following body systems:  
(Chest, Abdomen, Hips, Back)

The plan is discounted by 25% which is an approximate **savings of \$250.00 a year.**

The Senior Program also includes **15% off all joint supplements**  
Blood Pressures and Eye Pressure may need to be monitored more frequently,  
therefore a 10% discount will apply to all reevaluations within the 6 months.
